Transportroller für 75- und 100-Liter-Tonnen

A large, black, cylindrical plastic bucket with two handles on opposite sides. The bucket is shown from a slightly elevated angle, highlighting its depth and the smooth texture of the plastic.

A large, black, cylindrical plastic bucket with two handles on opposite sides. The bucket is empty and stands on a white surface.

A large black plastic trash can with a lid, shown from a side profile. The can has a wide opening at the top and a slightly tapered body. The lid is visible at the bottom right, showing a circular design with a central knob.

-
- A collection of various white plastic waste bins and containers. On the left is a large, open-top bin. Next to it is a smaller bin with a lid, mounted on a black plastic stand with four wheels. In the center is a small, open-top bin. To its right is another bin with a lid, also on a black plastic stand with four wheels. Further right is a large bin with a lid, and a separate lid is placed next to it. In the background, there is a stack of five smaller bins with lids. The entire collection is set against a plain white background.
